

SUMMARY OF THE DECEMBER 2016 RELEASE OF CDC SPECIMEN SUBMISSION 50.34 FORM

CDC is releasing version 2.0 of the CDC Specimen Submission 50.34 Form which represents a major update to the form. There are new data fields that allow for additional specimen metadata to be captured as well as updates to pick list (drop-down menu) options. A brief description of the changes are described below.

CHANGES TO ALL SPECIMEN ORIGIN FORMS

- Federal, state, and international institutions can now use a drop down menu for **Institution Name** on page 1, which auto-fills the institution's contact information with standardized submitter records (Figure 1)
- "Specimen Source (Type)" is a required field and will be highlighted in red when left unfilled.
- The "State PHL...", Original Submitter, and Intermediate Submitter sections now include **Point of Contact Phone** and **Email** fields on page 1. Conversely, **Institutional Phone** fields has been removed (Figure 1)
- Form users now have two separate fields on page 2 of the form to enter **Previous Laboratory Results** and additional **Comments** (Figure 2)
